

CAREER SERVICES

CUSTOMIZED CAREER DEVELOPMENT SERVICES

We are technically sound Career Management Experts. Industry changes have caused candidates to assess their marketplace and their continued ability to make money in that marketplace.

Sometimes this means a change. We offer solutions to career strategy using industry research techniques based on your unique set of career goals.

We create powerful documents that compel HR professionals, Recruiters and Hiring Managers to respond quickly and with interest. Our resumes rank highly with technology-based applicant screening systems. Today, the identification of proper keywords and phrasing strategies, have become critical to your resume selection by both computers and gatekeepers alike.

Ensure that your resume is in the **INCOMING** pile after the screening phase.

RESUMES - Highly Technical, Complete Rewrites Entry Level through Established Career
